REGENT COLLEGE
Independent School & Sixth Form College

ACADEMIC EXCELLENCE

Reach your full potential

A very warm welcome from our Head Teacher

Regent College was established in 2000 as an independent, co-educational secondary school and sixth form college, dedicated to the pursuit of academic excellence in a safe and nurturing environment.

Since opening we have worked tirelessly to create the conditions in which we believe support the development of character that allows students to thrive, both personally and academically.

All of our work is based on three very clear principles;

Personalisation – we believe that every student is different and work to establish that need. We ensure every student is seen, heard and understood. We use this information to provide the best learning experience.

Exceptionally high challenge - we believe that there is no ceiling to student potential and we are constantly striving for students to push the boundaries and question the limits of their capabilities. Often, what students think they can achieve is far less than the reality. The bar is set high and it is constantly adjusted – upwards.

High Support – We believe that in order for learners to stretch their potential to the limit, they need to trust those around them to help and support when they need it most. We believe that relationships are key and we work very hard at this. It underpins everything that we do.

We have a highly qualified expert staff team that we are exceptionally proud of. They provide the highest quality teaching and learning experience for our students. They go the extra mile and students benefit greatly from this.

We are very focused on close tracking of student progress and ensure that students work to the ceiling of their capabilities. We also pay attention to the development of effective learning skills and attributes that develop what we refer to as 'learning character'. We place a high value on independent study and this is built into our College day. This is unique and is of great benefit to our students. Our aim is to develop habits of learning that stay with students and allow them to achieve their potential and beyond.

We strive to offer the best education for all of the students in our care. Our track record speaks for itself – high numbers of our students progress onto high quality universities to further their studies. It is for this reason that the Regent name is well established and respected.

We are exceptionally proud of our learning community. We celebrate diversity and tolerance and encourage everyone to find their voice. Above all we emphasize human values such as respect, honesty and kindness. We place a high value in citizenship – we encourage students to engage, commit and contribute positively to make the world in which we live better place. We are committed to developing the heart, body and mind of our students and remain true to our ethos of academic rigour that underpins our motto 'The end of education is character'.

We are very proud of our college and would warmly welcome you to come and visit us and see the work that we do.

Mr. Matthew Gilbert
Head Teacher

Saarujan

Saarujan has just finished his AS year at Regent, having joined us from Park High where he achieved AS grades of DDDU in the summer of 2014. He received 'a' grades in seven of eight modules taken in Maths, Further Maths and Computing, with just one exception where he got a 'b'. His results in C1 and FP1 were particularly impressive, scoring 100% and 92% respectively.

He told us, "Regent is a great place that helps you strive for success!"

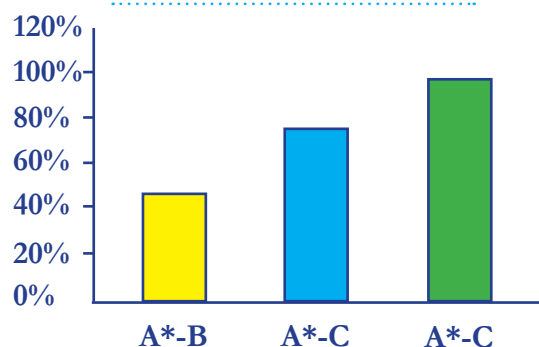

A LEVEL PERFORMANCE INDICATORS

Examination Results August 2014

GCSE Year 11 Grades 2015

Outstanding Performance

J. N.

7 A*s, 2 As and a B

*J.N joined Regent after completing Year 10 in a state high school. He made the transition under difficult circumstances because he was a victim of a sustained campaign of bullying. He had previously shown he had good ability but his confidence had been badly affected. However, happily he quickly settled in to college life and soon found a friendship group who admired him as a person and respected his academic ability. He successfully achieved 7 A*s, 2 As and a B. We have great expectations for his performance at A-Level.*

Atif Fazil

6 A*s, 3 As

Atif had not long been in the UK, having moved from Tanzania, and continued his GCSE study with us, taking private tuition to complete the outstanding parts of the course which he had started in his home country. Despite the upheaval, he did not let this faze him and we were most pleased to see results of 6 A grades and 3As, a success of which we are all proud.*

SUCCESS STORIES GCSE 2015

Nima Abdulla

Grades Achieved: ABBBC

Nima spent the year on our GCSE Intensive course. After a year of hard work, and with a quiet determination, she was thrilled to have improved her grades in the core subjects from DDDE to ABBC and additionally achieved a B grade in English Literature.

She said of Regent, 'Good school. Very helpful and enjoyed my time here.'

Sriabrame Paranirubasingam

Grades Achieved: AABB

Sriabrame moved to Regent in September 2014 from Bentley Wood School. There she achieved DABC for English, Maths and Double Science respectively. A dedicated student, and held in high esteem by those who taught her, she well deserved the grades she got today: A in English, A in Maths and BB in Science.

She told us: 'Teachers are amazing, very co-operative.'

Samed Senaj

Grades Achieved: BCBCB

Samed had previously attended Rooks Heath College where he attained grades of CDDDE for Maths, English Language, Double Science and English Literature. He was incredibly pleased to receive GCSE results of BCBCB respectively. Gaining the vital pass in English and improving his results all-round, he can now move onto the next stage of his studies with confidence. He summed Regent up as follows: 'It's good!'

CASE STUDIES

Bhavesh - A,B,B,C

Reading Financial Mathematics
at University of Manchester

Regent Sixth Form College student

“Regent College allowed me to reach my full potential.”

Bhavesh joined Regent in September 2013 from Park High where he achieved grades of CCDE. Having high aspirations for his future degree course, he wanted an environment where he knew he would benefit from small class sizes and being monitored closely. Our experienced teaching team made sure he pushed himself to his full potential and after two years of hard study he received grades of ABBC.

Saarujan

Regent Sixth Form College student

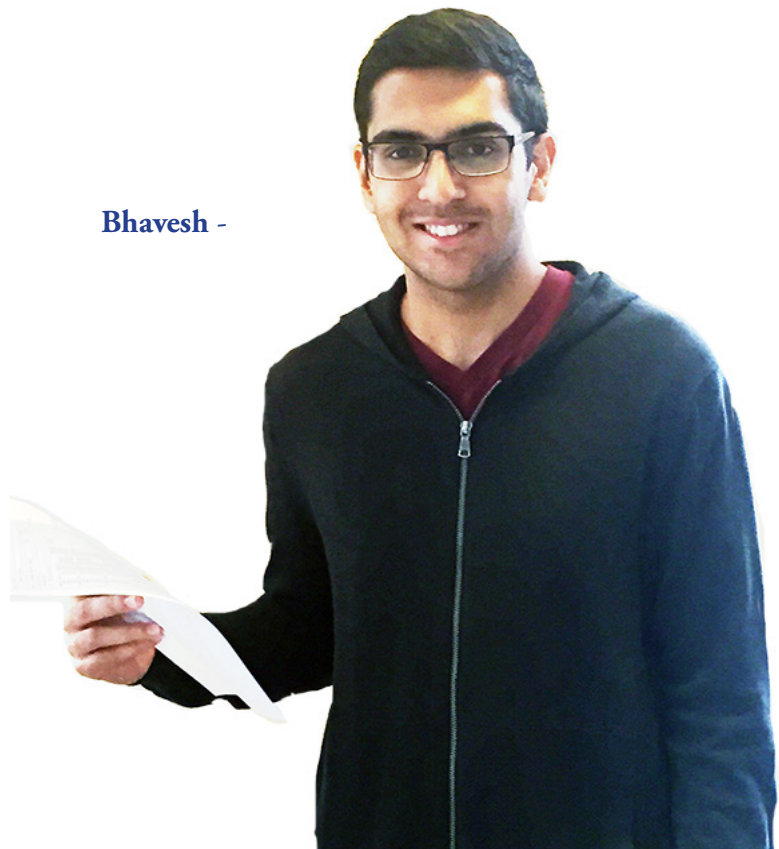

Saarujan finished his AS year at Regent, having joined us from Park High where he achieved AS grades of DDDU in the summer of 2014. He received ‘a’ grades in seven of eight modules taken in Maths, Further Maths and Computing, with just one exception where he got a ‘b’. His results in C1 and FP1 were particularly impressive, scoring 100% and 92% respectively.

Tara - A,A,B

Regent Sixth Form College student

Tara joined Regent College from Malvern College where she obtained grades of CCDD. She joined Regent to take advantage of a new environment, one that offers students constant care and attention and where weaknesses are quickly recognised via our cycle of assessments. With the support of our teachers, she was pleased to receive grades of AAB and looks forward to an exciting and challenging gap year.

Bhavesh -

CASE STUDIES

Shivarth - A*,A,B

Reading Information Management for Business at UCL

Regent Sixth Form College student

“I would like to thank everyone at Regent College for helping me to achieve my grades and getting my firm offer.”

Shivarth joined Regent College from Merchant Taylors’ School. Whilst enjoying his time there, it was felt that he needed a fresh environment to give him the best chance of success to facilitate his progression to university. The environment at the College suited him perfectly and with hard work, achieved the excellent set of results above.

Shivanath - A*,A,B

Reading Physics with Particle Physics at Queen Mary’s

Regent Sixth Form College student

“The teaching at Regent College was great and helped me get back on track.”

Shivanath joined Regent College having attended QE Boys previously where he had achieved some good results. However, he knew he needed an environment where he could be sure he would be pushed and supported to achieve the high grades he needed for the university course of his choice.

- Shivarth

Brian - A*,A,B and A at AS

Reading Petroleum Engineering at Leeds University

Regent Sixth Form College student

“I am extremely grateful for everything Regent has done for me. Many thanks to all the teaching staff and management team.”

*Brian joined us from Parmiters School where he had achieved satisfactory results in his AS year. However, having high ambitions for his career, he decided he needed excellent results and thus sought an environment where he thought that he would achieve maximum support and encouragement to achieve this. With much hard work and after hours of study in the classroom, he was thrilled to receive results of A*AB at A-Level ensuring he was free to pursue Petroleum Engineering at Leeds.*

Krishna - A,A,B

Reading Computer Science at Birmingham

Regent Sixth Form College student

“Thank you to everyone at Regent College to help me achieve my grades, teaching was brilliant.”

Krishna joined Regent College after having taken his AS Levels at Park High but having not received the results he wanted. Supported by Regent’s close monitoring of students, and encouraged by the small classes sizes, he was very pleased to find out he had achieved AAB allowing his to pursue the course he wanted.

CASE STUDIES

Sonal Chohan - Merit

Achieving 3 Distinctions and 5 Merits

Sonal obtained a merit profile has gained entry to Middlesex University to read International Business Administration (Top-Up) programme. She is expected to complete her undergraduate studies in Summer 2014.

Alanzo Headlam: Pass

Achieving 2 Distinctions and 6 Merits obtained a Pass profile.

Rishi Shah: Merit

Achieving 6 Distinctions and 5 Merits obtained a Merit profile has gained entry to Aston University to read Law.

Shamsudeen Mohammed - Merit

Shamsudeen who joined Regent College from Nigeria completed the HND course with a Merit grade achieving a Distinction and four Merits has gained entry to University of Sunderland to read Business Management (Top-up) programme. He is expected to complete her undergraduate studies in Summer 2014.

Sonal Chohan

CASE STUDIES

Humza Khan - A,A,A

Reading Finance at Aston University

Regent Sixth Form College student

“I found it really helpful at the College, your get more personalised attention. The teachers helped me a lot with my UCAS application as well as my subjects, they’re just more involved. They enabled me to get to my first choice university which I’m ecstatic about.”

Humza came to us from John Lyon School with grades of ABC. He really needed top level grades in order to get onto his desired course at his chosen university. Attracted by our small class sizes which he believed would make the difference, he transferred to Regent College and enrolled on a course of a one term duration. Astonishingly, after just one term of teaching, he managed to gain grades of AAA and now has the place at Aston studying Finance that he so coveted.

Heena Popat – A,A,B

Reading Pharmacy at Nottingham University

Regent Sixth Form College student

Heena joined us from a local school where she had obtained rather average grades. Knowing that she had the ability to do far better, her family made the decision to bring her here where they felt she would be nurtured.

After spending a year at Regent College, and having benefitted from the guidance of our highly experienced teaching team and pastoral support system, Heena was thrilled to discover, that after a year of hard work and dedication, she had got grades of AAB which allowed her entry into one of the most popular universities in the country, Nottingham University and one of the most sought after courses, Pharmacy.

Vlad Scinteie – A,A,B,B & A,A(AS)

Reading Medical Physics at UCL

Regent Sixth Form College student

“While I’ve been at Regent College, one of the things I noticed in my early years of student life was the relationships between myself and other teachers, like Raj and Alan”

Vlad came from Romania four years ago and enrolled straight into Regent College where he has been since. Although he was still improving his English, he took on 5 AS Levels, which is one more than standard. He continued to push himself to his limits in his second year whilst taking on the responsibility of being Deputy Head Boy and being involved in several extra-curricular clubs. He was therefore thrilled to receive grades of AABB ensuring he got the place at university that he had wanted for such a long time.

“I’ve found the teachers very supportive and it’s a comfortable environment due to the students and the teachers. I’ve got the grades I wanted and I’ve got the university of my preference. I’m so glad I came here...”

- Heena

CASE STUDIES

Luke Anderson – GCSE grades including 1A*, 6A, 3B

“I’m very pleased and had a great time at Regent College. My studies were good. Overall it was a great experience.”

Luke has been at Regent College since 2007 and has come right through our Senior School. Luke proved himself to be a hardworking student with a strong ambition to do well. His capabilities meant he was able to take two exams a year early – Maths and English Language – and we were thrilled when he gained A grades for both. This year he had done just as well with a spread of A, A and B grades giving him a total of 11 GCSEs overall, a strong foundation for his AS studies.*

Temitayo Fambegbe – GCSE Intensive course 4A & 1B

“It’s been a wonderful experience. I couldn’t have done it without the help of the teachers. I was pushed harder here and that’s why I got good grades.”

Temitayo came to Regent College just one year ago from Canons High with mostly Cs and Ds. Disappointed with his results, he thought the small classes, frequent testing and friendly environment would help him improve his grades the second time around. He was therefore very pleased to find that he every subject that he retook moved up by 2 or 3 grades.

Amrit Maloni – 11 GCSEs including 3 A*, 3A

“I’m very happy with my results; I could never have expected to get very good grades in English. I’ve improved in my studies greatly.”

Ibrahim Rabie – GCSE Intensive A,A,B,B,C

“I’m pleased with the grades I’ve ended up. Regent College was a nice college to attend every day.”

Ibrahim Rabie came to Regent College to retake his GCSEs. He had been studying at Onslow St Audreys previously but received grades of mostly Fs and Gs with which he was very disappointed. He therefore looked for somewhere that could offer a completely different type of school environment. Clearly this worked for him as his grades shot up this summer.

Dilini Paul – A,A,B

“I’m happy with my results. Regent College has taught me a lot including how to revise.”

Dilini Paul came from Heathfield School in order to retake some of the core GCSE subjects. She had obtained grades of DD for Science and Additional Science whilst there and a B in Maths which she was very keen to improve in order to provide a strong foundation for her AS Levels. After a year of hard work her DD increased to AB and her B in Maths to an A.

Amrit Maloni -

CASE STUDIES

Amee Mehta

Regent Sixth Form College student

“I found the staff at Regent very friendly and approachable. I never felt worried about asking them for help with problems. I also thought that they were really good at pushing us to make sure we achieved what we were capable of. I’m so pleased I’ve got into my course and I’m really glad I made the decision to come here”.

Amee Mehta came to Regent College from Kingsbury High School where she had obtained grades of CCDE. Attracted by our small class sizes and close student monitoring system, she enrolled onto our A-level Intensive course to improve her grades. She now leaves us with grades of ABB to go to Aston University and study Business and Mathematics.

Rupesh Hirani

Regent Sixth Form College student

“I found the teachers really supportive throughout my time at Regent College. I think the small class sizes really made a difference and it was probably something that played a large part in my academic success. I also thought the Progress Tests they hold were important as they really kept you on your toes and made sure you were keeping up with your studies.”

*Rupesh Hirani came to us from Harrow High School. He has received an astounding array of results of A*AA. He received 100% in many of his modules across all his subjects. This would be a spectacular result for any student, but it is so much the more so considering that Rupesh is actually one year younger than his contemporaries! Unsurprisingly, he has been accepted on to the sought-after Accounting and Finance course at Birmingham University.*

Amber Fallahi

Regent Sixth Form College student

“I really enjoyed my time at Regent College. I found everyone there very supportive both educationally and in a general sense. Though I had excellent teachers for all my subjects, I have to say I thought the Maths department was outstanding and I have no doubt that it is thanks to them that I got my A grade. I had a good experience there and I’m so glad I got my university place. I thought their help with the UCAS was fantastic and really informative.”

Amber Fallahi came to us from St Dominics in Harrow with grades of BCD. After months of hard work and with an impressive dedication to her studies, she leaves Regent College to study History with grades of AAB.

Nnamdi Ume-Ezeoke

Regent Sixth Form College student

“I found the environment at Regent College really friendly. It felt more like a big family than a school. I thought the teachers were excellent as they always went out of their way to help me and all of them had really good teaching experience and qualifications. Plus the science laboratories were really modern and had all the latest equipment which kept me happy as an aspiring engineer.”

*Nnamdi Ume-Ezeoke is a student who came to Regent College from Nigeria in January 2009. Despite the fact that English was his second language and the fact that he joined very late into the year, he obtained results of A*BB. He now heads to Loughborough University to study his desired course of Electronics and Electrical Engineering.*

STUDENT TESTIMONIALS

Rida

Regent Sixth Form College student

“I scored AABB and will be studying Architecture at UCL. The high teaching quality helped me to achieve my results and thanks to Regent College I now have the opportunity to study at one of the best universities in the country. The facilities at Regent are great and there is always guidance given. With loads of help from the teachers I managed to get the grades I wanted”.

Rachna

Regent Sixth Form College student

“Thanks to Regent College I will be going to Manchester University in September, having achieved ABB at A Level. I have really enjoyed my time at Regent and I am going to miss it. The teaching groups are small and that helped me to achieve the grades. There is so much support given with university applications and I am glad I chose to study at Regent College”.

Neha

Regent Independent School student

“Regent College has been great. I achieved ABC at A Level and have received a place at Manchester University to read Economics. The teachers are really motivating and helped me to realise my full potential. The small classes and individual attention ensured my success. The teaching is excellent and I would recommend the College to anyone”.

Jitesh

Regent Sixth Form College student

“I would like to thank the teaching team at Regent College for their care and dedication during my A Levels. The support I got from my teachers ensured that I realised my potential and true ability. I secured excellent grades in my examinations and I am now studying Biomedical Sciences at King’s College London”

Ji

Regent Sixth Form College student

“Having taken a break from education I was nervous about attempting the A Level Intensive course, but thanks to the small classes, the high quality of teaching and some hard work I scored three A’s in my AS exams in January and can face the summer examinations knowing that I’ve received the best preparation possible.”

Meeli

Regent Learning

“I was struggling in English before I joined Regent Learning. The extra confidence the classes gave me was amazing and the teacher and the rest of the group were all really friendly. It’s much easier to study in a smaller group and my English really improved, I’ll definitely be recommending it to all my friends.”

STUDENT TESTIMONIALS

Zarna

Regent Sixth Form College student

“Regent College is a great place to study. I achieved ABB at A Level. The classes are small and the facilities are excellent. Looking back I can really appreciate all the help and support I received at Regent College and I am looking forward to studying Physiotherapy at St Georges, London”.

Thusenan

Regent Sixth Form College student

“I have just completed my AS Levels and have achieved AABB so far. Regent College has helped me to achieve higher grades than previously. I am looking forward to A2 in September and am aiming to achieve straight A’s next year”.

Sarene

Regent Sixth Form College student

“Regent College is a great place to study - the caring teaching team assisted me to achieve 3 ‘A’s and a ‘B’ in my A Levels and gave me invaluable advice on applying to Medical school and preparing for interviews. Thanks to Regent College I am now studying medicine at University College London.”

Priyanka

Regent Sixth Form College student

“Regent College gives students the confidence and ability to do well in their exams, and the UCAS and Careers guidance makes the process of applying to University much easier. I have now completed my A Levels and secured the grades I needed to read Pharmacy at Nottingham.”

REGENT COLLEGE
Independent School & Sixth Form College
